

## Left-Right Handed

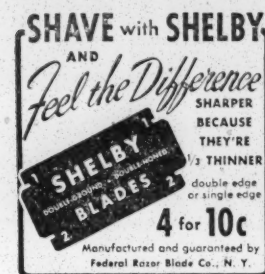

Nature has arranged that the brain shall be mapped out into definite departments, and overlapping is discouraged. One part of your brain deals with the sense of smell, another with the sense of sight, and so on. Roughly speaking, the right side of your brain governs the left side of your body, and vice versa.

By heredity and training you are right-handed. That means that the left side of your brain looks after your writing with your right hand. If the right side of your brain encouraged your left hand to write as well there would be waste of effort.

People who naturally can write equally well with right or left hand—the ambidextrous—are seldom successful in life.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.  
Of The Moody Bible Institute of Chicago.  
(Released by Western Newspaper Union.)

## Lesson for October 11

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

## LOYALTY TO CHRIST

LESSON TEXT—Mark 2:14-17, John 6:66-69; Philippians 3:7-11.  
GOLDEN TEXT—What things were gain to me, those I counted loss for Christ—Philippians 3:7.

Loyalty is undoubtedly one of the finest traits of mankind. Because of its strength, its fidelity to duty, etc., shrewd men have learned to play upon man's loyalty, making it serve evil and ignoble ends. Unworthy causes, having thus gained the interest of man by fair means or foul, have demanded blind loyalty. Even in the carrying out of crime there has been the suggestion that there is some kind of a code of honor, a loyalty among thieves.

All this does not change the fact that there is a high and holy impulse in man to stand true to the right; and in the Christian, to be found ever loyal to the Christ, whose we are and whom we serve. Faith in Christ (our lesson of last week) is rightly followed by loyalty to Him. It manifests itself in three ways.

## I. Following Christ (Mark 2:14-17).

Without obedience there is no use talking about loyalty. When Jesus said: "Follow me," Matthew (Levi) arose and followed. He was a sinner (y. 17), a man of the despised calling of tax-gatherer (v. 14), but he was ready for the call of Jesus.

Notice also that following Christ carries with it the privilege and obligation (it is both) of making Him known to our friends. Matthew did not wait until he had made a new circle of friends and then invite them to a feast. He celebrated his entrance upon the new life of faith by a friendly and effective testimony before his friends who were publicans and sinners.

Notice the words of Jesus in verse 17. It is not good people, satisfied in their own self-righteousness, who get to heaven. It is sinners, saved by grace, who will there magnify the Saviour's name.

## II. Faithfulness to Christ (John 6:66-69).

It is one thing to begin, but quite another to persevere in well doing. Jesus had been doing many miracles and a host of followers had flocked to Him. He had not only done great deeds, but had spoken beautiful words about the Fatherhood of God, the power of the Holy Spirit, etc. He had fed the five thousand, and they liked that too.

But now He had talked about a broken body, about partaking of His flesh and His blood, and they did not like it. This reached too deeply into the necessity for a personal spiritual experience, and one that spoke of sacrifice, and many of the disciples "walked no more with him" (v. 66).

How perfect a picture of the "religious experience" of multitudes of men and women in our day.

The true disciple, however, stands truest in just such an hour. "We believe," said Peter, and he spoke better than ever before in his life. "We don't understand everything (that's the thought back of "To whom shall we go?"), but we believe, and we will stand fast."

Blessed word of loyalty!

Observe that Peter and his brethren recognized Christ as the "Holy One of God," that is, God's Son in a unique and intimate sense. One close to and participating in the holiness of God. Loyalty will not hold on any lesser concept of Christ. There is no incentive to real service and sacrifice in the watered-out religious faith of the modernistic liberal!

## III. Forsaking All for Christ (Phil. 3:7-11).

There were a number of things in the life of Paul as a natural man of which he was justifiably proud, but which in the light of his relationship to Christ paled into insignificance. The best thing this world can offer looks like rubbish (v. 8)—which it really is—when one catches a glimpse of Jesus Christ.

Turn your eyes upon Jesus. Look full in His wonderful face. And the things of earth will grow strangely dim.

In the light of His glory and grace.

However, that experience of Paul's was only the beginning of a life of devotion to the Lord, which is expressed in words the depth of which we cannot fully plumb. What does it mean to know "the power of his resurrection, being made comfortable unto his death"? We do not fully know, but certain we are that it speaks of a fellowship with Christ that is very deep and intimate; a life of power, because He lives in and works through the believer; a sharing with Him of the hatred and bitterness of the world, yes, of death, if need be, for Him, in the assurance of resurrection.

This is an "all out" Christian experience, nothing held back, nothing thought to be too difficult or trying—everything gladly given in unstinted love and devotion to Christ. Now the Christian church is languishing for the want of those who will forsake all to follow Him in complete faithfulness.

## It's Easy and Thrifty to Make Your Own Defense Work Outfits

By CHERIE NICHOLAS

NOW that the debts and the sub-debs, the college girl and her endless chain of sorority sisters, the career girl and the glamour girl and the housewife have gone wholeheartedly into intensive work to win this war they are finding themselves confronted with a work clothes need entirely new to them.

Being employed by the thousands in industrial plants and on farms and in countless other war activities, taking the place of men as they are in wartime industries, women are coming to know that they must have clothes that stress utmost simplicity, are washable, have no excess fullness to catch in machinery yet allow for the utmost freedom of action. Slacks and overalls must fit snugly at the ankle, fabrics must be sturdy, for there must be nothing to hinder work.

However, there is another essential that must not be overlooked. It's the stimulus that comes to women workers when they know that the clothes they wear are as smart and becoming as they are purposeful and efficient. To that end there is special emphasis placed on the use of bright color, and there are many intriguing accessories like gay little dickeres and bright blouses.

An interesting and most significant reaction to this call for suitable work apparel is seen in the encouragement it has given to women to make sewing a thrifty hobby, the more so in that wash materials are so inexpensively available with the excellent, well-styled patterns and modern sewing machine equipment, even beginners at the sewing game can count on doing a professional job. Having one of the new thermoplastic dress forms that is molded into a twin of your figure will prove a wonderful aid in turning out clothes that fit.

The garments pictured in the above illustration have been selected as especially suited for farm work

## Workaday Dress

The designer of this smart blue and white striped cotton jumper frock did a grand piece of work. Evidently the thought in mind was to provide a suit convenient and pretty feminine for the girl draftsman who may soon be called to active duty in defense industries. Its intriguing double front pocket holds pencils, a little ruler and T-square and other instruments. It buttons smartly down the side and is most intriguingly detailed. Worn with its flattering white pique blouse, it is ever so goodlooking. For a change have a blue percale waist in reserve and a gay printed one, too, done in blue and white.

## New Designs Use Wool With Velvet

Some of the best looking fashions brought out this season feature velvet and wool combinations. Especially successful are the black-on-black effects. One of the ways designers are employing this combination is in connection with the new bow dresses, the skirt drape of which fastens over to one side with the bodice tied with a big bow at one shoulder. Instead of self fabric bows, velvet is used, and the effect is most gratifying. It is very effective, too, in jacket suits when the jacket is paneled down the front with an inset of velvet. Another method of working velvet with wool is to contrast the crepe or wool waist or one-piece dress with velvet sleeves, or with a velvet yoke.

## Drawstrings Close Bags, Blouses and Even Skirts

A new theme has arisen in the realm of costume design, namely drawstring fashions. And now that the vogue is under way style creators are turning out skirts that are drawn to fit at the waistline, blouses with drawstring necklines, pouch bags that have a drawstring instead of a zip-fastening. Even gloves and hats are subscribing to the drawstring technique.

## Hot-Seat Throne

About 40 years ago, Emperor Menelik II of Ethiopia ordered three electric chairs from America when he learned that electrocution was the modern way to execute criminals, says Collier's. Much to his astonishment, the two that arrived in Addis Ababa could not be used because they required electricity, which was not yet being generated in his country. So for years, he used one as a royal throne.

## GIVE YOUR COLD THE AIR

Get quick relief the famous Penetro Nose Drop 2-drop way. Helps open up cold stuffed nose. Generous sizes, 25c and 50c. Use only as directed.

Diamond Within Diamond.  
A curiosity in the gem world is a diamond with another one crystallized around it. In most of the known cases, the two stones differed in both color and crystal formation.

## Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Failing Merit  
Unsuccessful merit will never have many followers, though admirers may be found.—Zimmerman.

## PATTERNS SEWING CIRCLE

IN TOWN and in country, at home and in the office this is a dress which is "tops" for style and comfort. Larger figures will particularly like the full-cut bodice and the six-gore skirt which fits with such admirable smoothness. We suggest it for gabardines, flannels, new rayon weaves.

Barbara Bell Pattern No. 1590-B is designed for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 with short sleeves takes 4 1/2 yards 39-inch material.

### Frock for Work.

AS YOU join the ranks of the serious workers, here is a dress you'll enjoy having. Spartan simplicity is maintained through-

out in the simple rever collar, the straight cut sleeves, the button closing down the front. Wear it with or without a belt, make it with or without the pockets. It is a boon for home, office or factory workers!

Barbara Bell Pattern No. 1603-B is designed for sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 (34) requires with long or short sleeves, 4 1/2 yards 39-inch material.

Send your order to:

### HOUSEHOLD HINTS

Kitchen scales are almost a necessity at canning time. For best results weigh everything.

Too much heat kills yeast. When dissolving yeast for baking, be sure the liquid is lukewarm, about 80 degrees F.

Old shirts no longer worn because they are collarless or out of style make pretty kitchen aprons.

To pan vegetables melt two tablespoons of fat for each quart of prepared vegetables in a heavy, flat pan. Add the vegetables and cover to retain steam. Cook until tender, but not mushy.

To prevent crushing fill a hat crown with tissue paper and store the hat on its brim in its own box.

Domestic red pepper is less hot than cayenne and can be used in salad dressings, cheese and meat dishes, relishes and fruit butters.

Silverware should be washed immediately after use since foods, salt and acids cause corrosion.

Sharpen needles with an emery bag for longer service.

To wash nylon curtains squeeze them in a mild soap and water solution. Rinse in lukewarm water and roll in a turkish towel to remove moisture. They need not be ironed.

### ON THE HOME FRONT with RUTH WYETH SPEARS

HERE is a way to give an old couch a new lease on life with style and comfort.

Start with 9 1/2 yards of 36-inch wide cotton twill to cover an average couch and three cushions. Here a soft tan is used to match one of the tones in the rug. Seams are accented with a second stitching, as shown. And there is no untidy slipping and sliding for this cover. The seam allowance around the top is sewn to the couch pad with long stitches of carpet thread. The cushions are made to stand erect by using an inside core of newspapers tightly bound together

with muslin bands, and then padded with cotton batting.

NOTE: The above idea was taken from BOOK 8 of the series of 10 cent booklets which Mrs. Spears has prepared for readers. BOOK 8 also contains illustrations of several ways to fix up a kitchen; making useful things from boxes and orange crates; ways to remodel closets; various toys and household conveniences. Send your order to:

MRS. RUTH WYETH SPEARS  
Bedford Hills New York  
Drawer 10

### Right-Angled Trees

American Indians used to make their trails by bending saplings with rawhide, says Collier's. Today hundreds of these deformed trees, all with their main trunks bent at a right angle about three or four feet from the ground, still stand, especially in the Middle West, where they are found, in some places, less than 200 feet apart.

## Smile Awhile

### Should Improve

"What are you doing at the university?"  
"Taking medicine."  
"Feeling better?"

### Backed Out

Police-Inspector—Got away, has he?  
Did you guard all the exits?  
Constable—Yes, sir; but we think he must have slipped out through one of the entrances.

### Looking Through Him

The aggressive wife of a meek little man was hauling her husband over the coals for having made a fool of himself when some friends called. He sat in dejected silence.

"And don't sit there," she shouted, "making fists at me in your pockets, either."

### Break Away

"I wonder if I shall live to be a hundred."  
"Not if you remain forty-one much longer!"

Said the sour old spinster: "All men aren't cast in the same mold. Some are moldier than others."

### Ready and Willing

She had come to the fortune-teller and had listened with increasing interest to the sketch of her life as portrayed in the lines of her palm.

"Madam," said the fortune-teller, in his most impressive manner, "you should be very, very happy. A nobler man than your husband you have yet to meet."

"How absolutely thrilling!" gushed the woman. "But when?"

## ASK ME ANOTHER? A quiz with answers offering information on various subjects

### The Questions

1. What is a Cadman victory?
2. In American political history, who were the mugwumps?
3. Persons who weep at the slightest provocation are called what?
4. How many states lie east of the Mississippi river?
5. Ancient Babylonia is now called what?
6. How many times greater is the speed of light than the speed of sound?
7. What is an abattoir?
8. How do peanuts grow, hang from bushes in clusters, below ground, or on trees?
9. What are the costal bones of the body?
10. In what year were revolvers first used by the United States troops?

### The Answers

1. One obtained at a great cost.
2. Republicans who refused to support Blaine in 1894.

### Laughing at Misfortune

We laugh heartily when our fellowman slips on a banana peel and awkwardly falls. That laughter shows, basically, our resentment at any demonstration of the unusual, coupled with a comfortable realization that we ourselves are outside the disaster. There is unconscious brutality, therefore, in laughing at the sight of a fat man chasing his hat in a high wind. Higher up the scale of humor there is brutality in wit, which almost always holds an element of cruelty.

## ALL-BRAN FUDGE SQUARES—BEST YOU EVER TASTED!

Every mother in the land will want to bake these scrumptious cookies. Children will devour a plate of them in a wink. Grow-ups rave about their "different" taste and new crunchy texture. They're made of course with the famous cereal, Kellogg's All-Bran.

### KELOGG'S ALL-BRAN FUDGE SQUARES

3 squares cereal 1 cup sugar  
1 cup butter 1 cup All-Bran  
2 eggs 1 teaspoon vanilla extract  
Melt chocolate over hot water and add butter. Beat eggs well, add sugar and beat until light and fluffy. Add melted chocolate and butter. Stir in flour, All-Bran, chopped nuts and vanilla. Pour into greased pan, making a layer about one-third inch thick. Bake in moderate oven (375 F.) about 20 minutes. Yield: Sixteen 2-inch squares (8 x 8 inch pan).

**LET'S BE MORE PATRIOTIC**

Last year this time, October 3, 1941, conditions were decidedly different for school people. That was when we were unaware that the "Japs" were planning an attack on Pearl Harbor. Yes, as far as we were concerned starting to school last year, was little different from other years. We planned to finish our high school courses, go to college, or prepare for a trade. That was before the Japs (treacherous).

Many well meaning citizens in the U. S. have not awakened to the fact that we are at WAR. Many of them have been made entirely too cozy in their little homes, and even thinking as we did in the pre-war days. Even though our wise leaders have time and again pointed out the great importance of our buying war stamps and bonds, we have thoughtlessly put the buying off, or at least failed to buy regularly as we have been required to do. Some of us may have genuine intentions of some day putting our 10 percent into stamps. But what about NOW? Our soldiers and sailors are not putting out their fighting until future date. Our airplanes and submarines and warships are not waiting idle by until the enemy are at our very throats. Listen people of Grenada High! We will have to have this idea pounded into our thick heads.

If we lose this war, it won't be because our soldiers and sailors or our ships have failed. It will be the folks at home who have sat by and watched the other fellow do all the work. We try to justify our intentions by saying, "What can my 25 cents or 50 cents do? Why that wouldn't even be a drop in the bucket."

Listen, there are 130,000,000 Americans in this country and with a little faith we can see that if that 130,000,000 would each buy a 50 cent stamp a week that would amount to a total of 65 million a week or \$3,250,000 a year. Now get your pencil and see how many machine guns that would buy at \$150 apiece. The next time you go to the soda fountain you'll THINK of that soldier that died on Bataan and at the next show think of the sailor.

was in the Lexington and Yorktown that might have lived if the proper air support had been furnished. WAKE UP! Grenada High! We are far from winning this war yet, and we will be no further from it until we everyone in this nation and storekeeper, realize that we are the UNITED STATES OF AMERICA. The person in the U. S. to blame for this is you.

It is with shame that I say that I am not alone under the war bond stamp for September.

If you're reading this, you say to yourself, "Well, I bought a bond last year. I guess it's about time I DID something. I'll buy a little harder." Then ask yourself this question, "Am I really doing IT—JUST WHAT I CAN DO FOR MY COUNTRY?"

WAR IS the most deciding factor in our lives. If we put aside our selfish desires and really think about the war, Grenada High, we CAN do our part, but as a person we are unknowingly hindering our own efforts. So please, Grenada High WAKE UP! Buy 'til it hurts, and then buy some more.

#### DRAMATIC CLUB

The Dramatic Club, with Miss Wilson as sponsor, was reorganized on September 21.

Laverne Wilson, President; Julia White, Vice President; Beebe Wilson, Secretary and Treasurer; Catherine Herring, Song Leader.

The members were divided into several groups, each of which selected a play to perform.

A play entitled "NOT SUCH A BOY" will be given at the next meeting with Laverne Wilson, Catherine Herring, Jorana Jordan, Harvey Sykes and Betty Alexander taking part.

The Dramatic Club has been one of the most popular of the school clubs. The school is pleased that the club is carrying on its activities.

#### D. O. GROUP ENJOYS PARTY

Wednesday night the D. O. group, under the leadership of Mr. and Mrs. Nourse, enjoyed a party at the overhead bridge. After supper the members of the class enjoyed playing games.

#### THE JUNIOR PROGRAM

Rev. Glen Eric Wiley was the guest speaker at Chapel Wednesday. His subject was "The Need of a Divine Voice." His talk was thoroughly enjoyed.

Mr. Rundle pleaded with the students to bring all available scrap iron to the school. He announced that beginning Monday there would be a scrap salvage campaign throughout Mississippi.

Shirley was led by Miss Donaldson. Billy Foster, a former Grenada High student, was welcomed back to camp. We hope Billy will continue to achieve promotions in the army.

**THE JUNIOR MACDOWELL CLUB SELECTS OFFICERS**

The Junior MacDowell Club, sponsored by Miss Donaldson, met Tuesday and elected officers for the year. They are Margaret Green, president; Marguerite Stanley, secretary and treasurer; Jay Gore, reporter, and Ruth Townes, pianist.

This club is made up of approximately twenty-five high school students who are studying music in some form. Interesting and educational musical programs are presented at the monthly meetings.

Last year the club bought ten dollars' worth of war stamps. It is the aim of the club this year to add to the amount and purchased a bond. This will be kept to be used eventually for something to benefit the school.

#### NATIONAL HONOR SOCIETY SELLS WAR STAMPS

Last year, in order that they might do all they could in the war effort, the members of the National Honor Society began the sale of war stamps at both Grammar School and High School. This year, this practice has been continued, but it is a regrettable fact that the students have not responded as they should. The regular selling days for both schools are Wednesday and Thursday of each week, but stamps may be obtained from any member of the Honor Society at any time. Buy War Bonds and Stamps and tick the other side!

#### G. H. S. DIRT

Since the students have been so loudly clamoring for some "dirt" this week the staff is sending it to you!

We are glad to welcome into our school, Olga Lewis, who hails from Louisiana. Although she is a Junior, certain senior boys have been heard raving about her! Welcome, Olga.

Joe McKell, a new senior this year, is making quite a place for himself. He has established himself in Miss Turner's estimation by being able to interpret "Canterbury Tales" over which the other seniors struggled so laboriously. He's also on the football team.

Jay Gore says his motto is, "There's safety in numbers." Wonder what that means?

Mention the Tilt-a-Whirl out at the Fair, and see what Marguerite Stanley does!

**Latest Romance—**Irene Colvin and Paul Hill.

What's this we hear about Larry Noble and Laverne Wilson, George Granberry and Olga Lewis stepping out together Friday night!

Rowe said he went to Columbus last week-end to see his Great Aunt. We wonder about that!

Barbara Nell Roberts' mail comes from varied sources—some from Keeler Field and some from Ole Miss. Which one's in the lead Barbara Nell, Little Brother or Ed?

Berta Allen really steps high, wide and handsome. She's recently been seen with a certain boy from New York. Tell us your secret, Berta.

Speaking of Berta reminds us of Johnny, (and why not?) The staff wishes to express its hopes that he will soon recover from his injury, and be back on the field.

#### REPORT ON THE BLACKOUT

As a whole the surprise Blackout was a success. There however have only been about one-half enough people who have volunteered as Air Raid Wardens. Those that are working as Air Raid Wardens and especially the Messengers, have done a good job but they need more help.

The report of the Air Raid Wardens is as follows: Lights on in home or place of business and slow to get them out; Pete's Cafe, Barwin Hotel, Coffee Shop, Grenada Grocery Co., Mrs. Claude Hall, Mrs. W. V. Davis, J. T. Thomas, L. Y. Peoples, H. O. Bland.

Lights on in home or place of business and families away from home. Lights could not be put out without breaking in. Post Office, Cowles Horton, Mrs. A. W. Stokes, Herman Heath, Mrs. Dora Nelson, Trailer near Allison's Service Station.—Contributed.

**Why not send that Soldier your PICTURE**

He wants one badly

**SPURRIER STUDIO**

First Street Grenada, Miss.

**WAR-HUNGRY** steel mills are still on the verge of starvation, and newspapers this week are taking the leadership in sponsoring an intensive nationwide metal-salvage drive. Boys and girls here will attack the shortage next week when they become part of a National Junior Army.

The government believes our school kids can do a great job in finding unexpected supplies of junk. And the junior army here will probably go over the town with a fine tooth comb.

WPB is asking folks who own a dead car to bury it with military honors. Junk it right away, so its metal may go from the junk yard to the steel mills and on military uses.

**SILVER LINING**

The U. S. Treasury is loaning all its "free" silver to war industries. It's going to replace copper as a conductor of electricity in airplanes and tanks—that's how desperate the metal shortage is now.

Too many folks are traveling on week ends, jamming trains and sagging the tires of over-loaded buses, says ODT. One reason for the bottleneck is that soldiers get leaves on week ends. Civilians who can travel on any day can help a lot by arranging their trips between Mondays and Fridays.

**COTTON GINNING**

OPA announces that a cotton ginner may charge extra for hauling and may seek adjustment of his ceiling price by writing the regional OPA office in Atlanta. If the price ceilings threaten to run him out of business.

The boys overseas are now hearing American radio broadcasts by special arrangements, and the Office of War Information is planning to "pipe" commercial network programs to troops in Alaska.

Under national gas rationing, migratory workers, including farm laborers who move with the harvest, will be able to get extra gas.

The first and only detinning plant in the South, except for one in Texas, is being constructed at Birmingham. Transportation troubles have made it impractical to salvage tin cans except in a few cities, but everyone may be asked to save them when the plant is finished—that won't be very soon.

**AID TO STORES**

During the Grenada business was hard to get and stores started such things as delivering goods on approval and unlimited credit terms. OPA is planning a program to help stores reduce their costs by cutting out these business frills. Goods are now harder to get than ever.

Meat rationing has been definitely set at two and one-half pounds per person per week, and its being rationed to the butcher on about that basis. Pork is scarcer than lamb and mutton. Meat will be rationed to the folks who buy from the butcher later on.

New tires have been long frozen. And the rubber situation is so critical that restorations have now been placed on the sale of used tires and tubes. Frozen in the hands of present owners, it's against the new war restriction for anyone to sell a used tire to anyone else—unless it's a tire on a car that's being sold.

All tires will be rationed soon.

Salvage campaigns are going full blast this week, not only here in town but all over the South—all over the nation. Given a definite job to do, the Home Front is rising to fill the nation's open-air storehouses—those unsightly piles of junk which will keep the steel mills running throughout the winter. Sorting these scrap piles—a job for experts—will take time.

**UNMIXED DRINKS**

A cheering war order came to Little Johnny with the restriction placed on castor oil. Though the pale fluid hasn't yet been barred for medical purposes the director general for WPB operations may, at his discretion, issue special directions concerning the use of any castor oil, the entire production of gin, whiskey and spirits will go into war purposes beginning October 9.

If a small firm can show that the

money it wants to borrow will help win the war, the Smaller War Plants Corporation says it won't ask for gill-net security to make a loan.

#### RUBBER BOOT RATIONING

Farmers, lumbermen, mill and construction workers are affected by OPA's new rationing program of men's rubber boots and rubber work shoes. Eligible for purchase certificates from the local Rationing Board are workers needing boots in jobs essential to the war or to the protection of public health and safety. Even they must turn in their worn-out rubber footwear.

Next year women will have to get along with only one-fourth the bobby and hairpins they used this year.

#### FREE SAMPLES GIVING OUT

Like many another selling "frill," free samples are on their way out for the duration.

WPB is asking coffee lovers to drink two cups of java where they used to drink three. If everyone does that, there'll be enough coffee to go 'round.

#### CARS SLOW DOWN

The governor, like chief executives of all other states, is taking steps to enforce the war-time speed limit 35 miles an hour, an ODT move to conserve rubber. ODT urges everyone to keep tires inflated and rotate them; they'll last much longer with proper care.

OPA has clamped price ceiling on soybean oil, corn oil, and peanut oil. Substantially all lumber and building materials are now under price control.

#### P. T. A. MEMBERSHIP DRIVE TO BEGIN NEXT WEEK

(Intended for last week)

The membership committee of the P. T. A. with Mrs. Rice E. Pressgrove as chairman met at the Grammar School with 13 grade mothers and made plans for the P. T. A. membership drive which begins the first week in October.

Our local P. T. A. had 365 members last year and made a marvelous record in the State Organization. The Grenada P. T. A. is the only Standard P. T. A. in the Grenada-Holly Springs District, having met all requirements of the National and State P. T. A.

Our local P. T. A. sponsors the Child Health Tag Day in May each year and uses the money to correct physical defects in children entering school.

We also sponsor the Free Lunch room for under-nourished children. We do lots of other good work. Join our P. T. A. this year and help us make better citizens of tomorrow.

#### TRADE AND INDUSTRIAL CLUB

The Trade and Industrial Club of Grenada High School held its first

meeting of the 1942 and 43 session, Friday, Sept. 25 at which time plans for the year were discussed.

Officers elected were as follows: President, E. C. Litten, vice president; Rachel Boyd, secretary; Mae Ellen Crawford, treasurer; Mildred Tate, reporter, Paul Hill, historian; John Edgar Griffin, sergeant at arms; E. B. Collins, program chairman; Lorraine Fisher, Mae Ellen Crawford and Paul Hill.

At the meeting a party was arranged for Wednesday night, Sept. 30.

#### Who's In The Hospital

(Intended for last week)

Patients in Grenada Hospital, Mrs. J. W. House, Enid; Mrs. C. M. Durham, Grenada; Mrs. Thurman Allen and infant daughter, Grenada; Mrs. L. J. Joiner, Money, Rt. 3; Carl Wellington, Grenada; Mrs. Eloise Deady, Coffeeville; Mrs. S. A. Wellborn, Grenada; H. B. Harris, Calhoun City; James Moore, Oakland; Mrs. Margaret Ward, Derna; Mrs. H. B. Vance, W. Tenn.; John F. Bomer, Grenada; Mrs. J. F. Campbell, Carrollton; Mrs. Paul McGinley, Grenada; J. C. Chandler, Hardy; Ellis Richardson, Pope; Mrs. Tommy Thomas, Grenada; Mrs. T. B. Lee, Winona; Mrs. E. C. Brice, Vidalia.

On Sept. 28, 1942 at 10:45 Dr. R. C. Dent, of Parchman, died at the Grenada Hospital. He had been ill for months and was in the Grenada Hospital only five days.

Patients dismissed from the hospital: Mrs. J. H. Franklin, Grenada; Mrs. T. H. Evans, Belfontaine; Mrs. W. C. Stockard and infant, Grenada; Mrs. Patterson and baby, Grenada; Miss Ethel Nunley, Carrollton; Mrs. A. B. Endine Brewer, Grenada; James E. Howard, Grenada; Mrs. H. E. Harris, Calhoun City; Miss Delnee Knight, Grenada.

#### And Left... The Stork Flew By

(Intended for last week)

a little son for Mr. and Mrs. S. A. Wellbourne, of Grenada, on Sept. 29, 1942 at Grenada Hospital.

a little daughter for Mr. and Mrs. Thomas Allday, of Grenada, on Sept. 30, 1942 at Grenada Hospital.

a little son for Mr. and Mrs. A. B. Patterson, of Grenada, on Sept. 25, 1942 at Grenada Hospital.

We are having more fires than usual as the defective flues and improperly installed stoves are beginning to act upish. We COULD have TWO fires at ONCE, remember.

IRVIN JOHNSON, Mgr. Grenada

Seen,  
Heard  
and Told  
By The Editor

V....

Trappers and hunters will be interested to know that the ban on catching fur-bearing animals (except beaver, otter, mink and marten) has been lifted in Grenada county, Texas. The season opens November 15 and closes January 31.

1946 sales of cotton were glum in this county up to October 1, 1942, compared to 2,673 ginned to October 1, 1941.

Our old Oxberry friend, George Cunningham, who has been driving nails for Jones, is taking a little vacation in Arkansas. His son from an army camp in Florida was a recent visitor.

Wilmor and Talbert Thomas, Jr., both are at the bedside of their father, Mr. J. T. Thomas, who is seriously ill at the hospital.

I forgot to mention that Brother Hemmick not only renewed for his wife and his son, but also had a new one sent to his office, so he could see the paper sometime.

Welcome to the 160 odd soldiers already here. They are but the forerunners of about 250 times that many.

The Camp Commander, Col. E. E. Ryder, has moved his headquarters to the building on the reservation. They say he is strict, but fair, and that's what an officer should be.

Attention is invited to the legal notice proposing a change in the city charter which will permit construction of water lines and sewer lines outside the city limits.

These soldiers are like "all soldiers," fast workers with the women folks.

If you do not know anything about the proposed constitutional amendments, it is best to vote AGAINST change. That's my advice, whether it is taken or not.

The war situation, judging from the heavily censored reports coming in, is a little better for our side.

Help, help, help. Horn and Greenfield face a week-end of illness and sin.

Begin now thinking of electing the BEST men to public office. Begin now to forget friendship and prejudice.

Alas, they sweeten.

Best others who have collected piles of scrap become huffy, let it be said that Brother Rundle paid for the car showing the scrap pile at the school.

Congressman-elect, Tom Abernethy was in Grenada recently visiting the people. He says he loves everybody, but loves the best, which is natural.

I still want to swap a first class one h.p. THREE phase motor for a first class one h.p. motor SINGLE phase.

John Rufus Perry says he has reached the rank of P. F. E. Private Forever.

Better go to the City Hall and see YOUR assessment and be prepared to register a complaint, if you don't like it. A legal notice to that effect appears elsewhere.

With no room for the FEW married officers and men here at the camp, what's the going to do when 40,000 are here?

I can personally sympathize with the married non-coms, for the old lady and I went thru the same mill at Finville during the last war. Some folks favored (?) us by renting us a lot stuffy room, about the size of a lathroom for \$20.00 a month.

Vance Hardwick has just returned from a visit to his father who lives near Pickwick Lake. While there he had a few shiners to the fish.

Brother Innan, of Little Texas was a recent visitor to town.

Wonder how Jack Robinson is getting along. I think he fell out with me about the county agent business.

Remember what I told you last week about NO dispensing place in Grenada meeting the requirements of the army officers. A stitch in time saves nine.

That's certainly a pretty gal that came in here from Texas to work with the health unit.

These damp bi-facials worry hell out of me.

Dear Cousin Tunny: hope you are getting on OK. Will be up to see you the first opportunity.

PUBLISHED IN GRENADA COUNTY, BY AND FOR GRENADA COUNTY PEOPLE, THUS, THE NAME

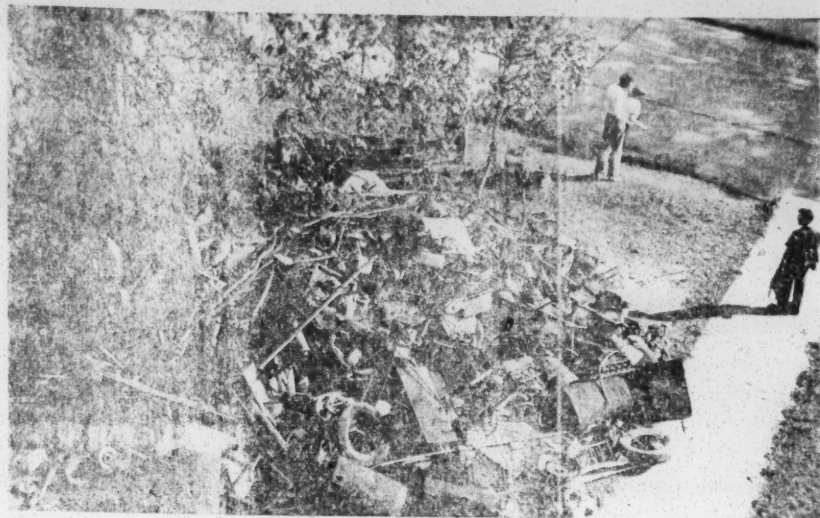

# The Grenada County Weekly

VOLUME SIX

GRENADA, GRENADA COUNTY, MISS., THURSDAY, OCTOBER 15, 1942

NUMBER TWELVE

## SCRAP PILE MOUNTS AT CITY SCHOOLS

As of October 12, the children of City Schools had collected 36,180 pounds of scrap. The huge pile is shown above.

The scrap will be donated to the war effort. The school authorities are indebted not only to the donors of the scrap but also to Mr. L. P. Horton,

Dean One's supervisor, and Mr. J. M. Talbert, City Street Commissioner, for their help.

## Promoted To Second Lieutenant

Second Lieutenant Noble E. Taylor, 23 year old son of Mr. and Mrs. J. W. Taylor, of Grenada, has been in the service nineteen months.

He was inducted, February 19, 1941, at Camp Shelby where he was placed in the Reception Center until May, 1942. At that time he was sent to the Officers' Training School at Camp Lee, Va. On August 14, he completed his training and was home on a short furlough before being sent to Camp Hawze, Gainesville, Texas.

He is a graduate of Grenada High School, attended Dringhouse's Business

SECOND LT. NOBLE E. TAYLOR College in Memphis and was employed by E. S. Engineers, of Vicksburg, Miss., being located at Sallis and Hernando prior to induction into Uncle Sam's Armed Forces.

## ELECTED ON STAFF

News comes from Woods Junior College that Miss Kathleen Carlisle was elected reporter, and Miss Camilla Smith elected cheer leader for their school.

## Forty Men Leave For Camp Shelby Today

The following men, who have enjoyed 14 days at home, returned to Camp Shelby, October 15, 1942:

Virgil Lee Barnes, Freddie Lee Beaver, Joe Henry Simpson, Taft Andrews, Marving Carl Smith, William Bilbo Hankins, Irvin Baxter Blamsett, William Whitten Lance, Robert Dale Harper, James Whitworth, Curtis, John Young Smith, Joe Thomas Oran, Jesse Alton McBride, Fred Grady Griffin, Belton McBride Smith, Evans Laumon, Cecil Aubrey Beach, Asa Edwin Morris, James Sullivan Hale, Constantine Joseph Harkis, Joseph Charles Cohen, Lewis Dalton, Nail, Lester Wilson, Paronough, Ben Franklin Hankins, Clyde Head, Morris Clinton Knight, Perry Pittman Rose, John James McCormick, William David Horton.

Rufus Lee Ingram, James Howell Mayhan, Thomas Epton Chandler, Cecil Baker Ryan, Albert Cohen, John Taylor Morrison, William Bramlett Walker, Boulas Leander Williamson, Julian Clark McWhorter, Doyle Earl Simmers.

## Mrs. Allie Corder Died In Carroll County Recently

Mrs. Allie Corder, sister of Mrs. Tom Jackson, of Grenada, died in her home 5 miles North of Carrollton on September 29, 1942.

She was born on October 1, 1887 and was married to Mr. John Corder more than 30 years ago. She was a member of the Pisgah Baptist Church for more than 35 years.

Funeral services were held at Union Cemetery by Rev. L. G. Sellers, on September 30.

Surviving her are her husband; one daughter, Mrs. Godfrey Campbell; three sisters, Mesdames H. T. Jackson, of Grenada, C. L. Thompson and L. W. Knight, both of Carrollton; and one brother, J. J. Johner.

Sympathy is extended to the bereaved ones.

## Second Lieutenant Billy Foster

The above of the likeness of Lt. Billy H. Foster, son of Mr. and Mrs. A. H. Foster, of Grenada.

He enlisted in the Air Corps in January, 1941, later transferred to the In-

country and, after taking the proper course, was promoted to Second Lieutenant at Fort Benning, Ga., on September 21, 1942.

## Notice To Clubs And Auxiliaries

Please, give information necessary for publishing accounts of all meetings to the Society Editor by Wednesday. We are happy to print the news and with many stars here, it is possible that church auxiliaries, etc. will increase their membership if meetings are published.

Pvt. Senner Hitt visited at home this week. We understand he had a 10 day furlough.

## "ALL OUT FOR VICTORY" EDITION STILL MEETING FINE SUCCESS

### Col. Ryder Pledges Support For Law Enforcement

Colonel Ira E. Ryder, Commanding Officer of Camp McCain, Mississippi, in an address before the State and City law enforcement bodies convened at Grenada on the evening of October 13, 1942 assured the residents of this area full and hearty support in maintaining a high degree of order among the soldiers under his command while on leave here.

Colonel Ryder was accompanied by two members of his staff, Captain Frederick W. Waite, Public Relations and Intelligence Officer, and Captain R. A. Hamilton, Military Police Officer. The Colonel pointed out that, "we cannot expect our soldiers to all be angels, they are going to have a good time, but I assure you, that I will not tolerate disorderly or unsoldierly conduct among our men while on liberty."

Colonel Ryder outlined the military policy of governing establishment of new army camps with particular emphasis being given to the gigantic task of housing, equipping, feeding and preparing for training of the men who are soon to arrive at Camp McCain. He expressed deep appreciation for the untiring and patriotic cooperation that has been extended to him by the citizens of Grenada and other communities in this area during the period of activating the camp.

In closing, Colonel Ryder reminded the members of the body that the men who are to arrive for training at Camp McCain will, no doubt, come from all parts of the country, near and far, and that we must all soon come to the realization that it is the young man who possesses an alert and quick thinking mind and who can be trained to the highest fighting efficiency who is needed for our armed forces to the end that an achievement of lasting Victory over our enemies may be attained.

### Commissioned Second Lieutenant

Charles H. Irby, son of Mrs. Ora Irby and the late Chester Irby, of Grenada, Miss., recently graduated

from the Officers Candidate School at Fort Sill, Okla., and has been commissioned second lieutenant.

From the ready response and liberal cooperation and support received to date from Grenada business men and firms in connection with the forthcoming "All Out For Victory" edition of the GCW to be off the press the coming month, we now know that the edition will be the largest rotogravure section ever published in connection with any Mississippi newspaper.

With less than a score of local leaders having been approached for their cooperation eight of these readily subscribed for a full page each on the pictorial history and progress of their respective businesses. They fully realize the importance of exploiting the important part that we are about to begin to play in Grenada and North Mississippi in this "All Out For Victory" Program. Other local leaders have acclaimed the edition, and have expressed a desire to have a part in it to some extent, as they feel that the war isn't fought in fox holes alone, but instead it is fought in the mind. It's fought with a will to win. It's fought with a belief in a cause worth dying for. That will that belief is known as MORALE. Not only will this edition help to maintain this all important spirit, it will further emphasize it, and will show to the world that Grenada people are fighting for you and our country, just as the army and navy.

The material for the Camp McCain section is almost complete and we plan to have this in the hands of the rotogravure printers in Atlanta the first of the coming week.

The U. S. Engineers, the Architects, the Contractors, the material suppliers, have cooperated with us almost 100 percent, and this will be one of the most interesting sections in the edition. When completed this edition will be widely circulated not only at home, but to the Commissioned Officer Personnel at the Camp and Air Base. In addition to reaching hundreds of important places and people throughout the Nation, where our resources and opportunities will be furthered.

IT WON'T BE LONG NOW!!

### Names Submitted By Clubs With Added Information

The various clubs of the city who are to sell bonds and stamps in the Women's Activities Group, beginning today (Oct. 15th) are announcing the state where they will sell bonds and stamps, also the chairman representing the club.

This nationwide drive will continue throughout the month of October and through November 30th. The Women's Activities Group of Grenada county plans to achieve great results from this drive and will be ready to serve you throughout the weeks of the drive.

Everyone plan now to buy bonds and stamps regularly. You are saving lives and insuring your future security when you buy bonds and stamps. Remember, the club selling the most bonds and stamps will receive as a prize a \$25.00 bond.

The following club's chairman will be ready to serve you at these business houses beginning today (Thursday): Mrs. David Y. Dubard, Fortnightly Club chairman will sell bonds at the Novelty Shop, owned and operated by the Misses Cook.

Mrs. Griffin, American Legion Auxiliary chairman will sell bonds and stamps at Morgan and Lindsey Store. Mrs. E. L. Bass, Woman's Club chairman will sell bonds and stamps at Grenada Drug Store.

Mrs. H. O. Rland, chairman for Twentieth Century Club will sell bonds and stamps at Keeton's, Federated Store.

Mrs. C. H. Calhoun, chairman MacDowell Musicals, will sell bonds and stamps at Deak Hardware Co.

Mrs. W. R. Waterman, chairman for Eastern Star, will sell bonds and stamps at Isenberg's.

Other clubs chairman will be announced later. Besides the above mentioned business houses, those offering space for a bond booth include: Grenada Theatre, Dye-Kent, Cuff, Kimbrough, Heath Bros., Quality Shop, Volles, Belmont, Lickfold and Trusty's.

### PRESBYTERIAN CIRCLE NO. 3

Circle No. 3 of the Presbyterian Auxiliary of which Mrs. H. D. Lane, Sr. is circle leader, met with Mrs. John Hult at the Glenwild home of Mrs. Cole.

Ten members and four visitors were present.

The Bible lesson, on hospitality was taught by Mrs. Margaret Noel. At the close of the lesson the hostess served delectable ginger bread and fruit punch.

Mrs. J. H. Biddy has returned home from a visit with her mother and sisters who reside at Bald Knob, Ark.

## RENT CONTROL RULES AND REGULATIONS EXPLAINED

(EDITOR'S NOTE: I personally am thoroughly out of sympathy, not with the object of rent control, but with the expensive methods employed in getting that control. However, I am having the regulations printed for the benefit of those who, if uninformed, might have to be haled before federal court.)

With the approach of rent control registration in the Grenada area, E. L. Morrow, Rent Director, this week urged all landlords to register their rent at dwelling units as soon as possible after obtaining registration forms and to send for the deadline.

The Grenada area embraces Leflore, Carroll, Montgomery and Grenada counties. All rented houses, used as dwellings, must be registered with Mr. Morrow's office. Rent control does not affect property used for commercial purposes only. The rent director also announced the appointment of J. M. Perry, Grenada, as rent control attorney for the area.

"This registration is a simple process," said Mr. Morrow. "Within a short distance of every landlord in the area are places where the form can be had. It should not take more than a few minutes to fill out a form. Once filled out, all a landlord has to do is shake the carbons out, put the form in an envelope and drop it in the nearest

mail box. Do not fold the form. "Let me urge this—that landlords not wait until the last minute to fill out and mail in their registration statements. Also, I want to ask that landlords study the statement. Fill it out carefully and accurately. By doing this we will all save time. Filling out a form incorrectly means doing it over again. Let's try not to have any more of this than we can help."

The registration statement is in triplicate, but necessitates only one filling out, as the second and third copies are made by carbons. The original copy, printed in blue, will remain on file in the area rent office. The two carbon copies are for the landlord and tenant. The landlords copy is printed in red, the tenant's printed in green.

When the statement is received at the area rent office, it is carefully inspected, and if it appears to be in order as to the rent being charged and as to the service being provided, with respect to the maximum rent date, March 1, 1942, both copies are stamped and mailed, one to the tenant, and one to the landlord.

Instructions to the tenant on the reverse side of his copy of the statement tell him that unless otherwise notified by the rent director, he is to pay no more rent than the maximum legal rent as stated in the section marked

by a heavy green arrow. In the event the tenant disagrees with any of the statements in the form, he is to list his objections and return his copy of the statement to the Grenada rent office within 15 days. If the tenant does not disagree with any of the facts, he need not return the statement.

The instructions also tell the tenant that he cannot be evicted for refusing to pay more than the maximum legal rent, and that "Any agreement by you (the tenant) to give up the benefit of any provision of the maximum rent regulation is void."

In cases where inspection indicates the registration is not in order, that is, if it is illegible, or contains inconsistencies, the form is stamped "void" and returned to the landlord with a form attached explaining why the statement has been voided. The landlord must then obtain another form, fill it out correcting the previous incorrect statements. In cases where there has been an omission this must be filled in. However, in both these cases, the dwelling that is not considered registered until a correct form has been received by the area rent office.

The statement asks the rent that was charged on last March 1 and asks the landlord to write in the maximum legal rent which will be, of course, the same rent as that charged on the max-

imum rent date with certain exceptions. Those exceptions include the situation when the dwelling unit was either vacant or owner-occupied on the maximum rent date and two months preceding that date, but rented sometime before Oct. 1 of this year. In this case, the landlord must report the rent charged on the first date rented during this period. This rent becomes the maximum legal rent, subject to review by the area rent director.

Other exceptions include when the dwelling unit has been constructed since March 1, and before Oct. 1 or substantially changed between these dates by a major capital improvement, then the rent to put down is the first rent charged after the construction or alteration. The same holds if the accommodations were changed from unfurnished to furnished or the other way around. In all these exceptions, the rent which the landlord puts down as his first rent charged—he also puts down as the maximum legal rent and explains this in section E of the statement. Rents in these cases are subject to review by the area rent director.

The period for registration is from October 15 until November 1, 1942. Apply at the offices in the Deak building formerly occupied by Hon. Marshall Perry for aid in filling out the papers.

## Rental Control Too Expensive

The control of rents in this area could be handled as well, perhaps better, by "Judge" McKibben—acting as a federal conciliator—than it will be handled by the present complicated setup; and at about 5 percent of the expense.

The existing organization surely costs the government between \$20,000.00 and \$30,000.00 a year. Its essential purpose is to force Mr. B. the landlord, to reduce the rent on Mr. A. the tenant, to the rent which the property brought in March, 1942. This organization will never know that Mr. A. is paying MORE than in March, 1942, unless Mr. A. reports the facts and makes the complaint. After complaint is made, there will be some sort of judicial hearing to find out if the complainant has stated a fact. No doubt, under the rental authority's ramshackle, there will be innumerable forms to fill out and that a very complicated procedure will be necessary. If "Judge" McKibben was handling the matter, he would hear the evidence, render his verdict and close the case in ten minutes. Backed up by power from the United States government, Judge McKibben's verdict would be carried out.

I mention "Judge" McKibben for he comes first to mind; but any level-headed J. P. with a sense of justice, could do the job quicker and better than the expensive organization that we now have can do it.

Putting into the effect the provisions of the price, wages and rent control executive order, if carried on everywhere on the present expensive scale, will hasten the day when Uncle Sam will have to take the pauper's oath. For, remember, the RENT control office is just ONE of MANY phases of the effort to stabilize prices.

## A Question Answered

How long will the war last? That question has been asked many times by as many people.

But, when will that be?

That will be when you and I and every man, woman and child in America subordinates everything else to take an active part in the war effort and not before—when every one of us is enlisted in the service of our country and doing something directly to aid the war effort. As long as we have people who find it more important to do trivial things, more concerned about gasoline and tires, how much money they will make out of this or that because of the war, so busy carrying on as usual instead of laying aside sufficient time to help out on the home front, we are not making any headway toward winning the war.

In recent weeks I have heard chairman of this or that group complain about people not having time to help on the home front. Some few have responded nobly. But many more are holding back for some excuse or another. If we don't win this war, you won't have any bridge games, any golf, gasoline or tires or other things to carry on as usual. You won't have time for these things when the heel of the oppressor clamps down on your neck. They just don't do things that way. They tell you what to do and they make you do it—whether you have time or not.

There are plenty of opportunities for every man, woman and child in America to take part in winning this war. There is the fighting front for our physically fit. There is the home front for those of us not in the armed forces. Every person serving on the home front is just as much a soldier as the man with a gun or in a uniform.

Soldiers can't fight without guns and implements of war. It takes scrap iron to make these things. The government has called upon us to get the scrap out. Every one can help in this effort. It is a vital service for those on the home front. The situation on needed scrap metal to keep our steel mills running is acute.

We have to have money to meet payrolls and buy many materials, food, clothing, etc. You can lend your money to the government to help finance this war. You can help sell bonds to others.

Our boys have to have food. You can help farmers grow and harvest crops and help prepare foods.

Our sick and wounded have to have surgical bandages and supplies. You can help the Red Cross make them.

There is plenty to be done. There is no reason on earth why every man, woman and child in this country cannot do something in this war to help with it.

Your government has asked you to help. Will you respond and help willingly as a true patriot or will you wait to be ordered to do it as a vassal?

## Forgetting Prejudice

The days ahead are indeed dark. The struggle is for the actual survival of democracy.

Ten months hence, the people of Mississippi must again select their most important officials from government on down to constable.

If past experience has taught anything, it has taught that electing a man because that man NEEDS the office is much more expensive than it would be to grant a pension to that man; and that, while friendship is a wonderful relation between man and man, and that friendship should dictate our social relations, friendship alone is a darn poor reason to place a man in charge of a state, a county, a city or a supervisor's district.

Let's determine in advance to vote for a result-getter, a man with a record of honest work whether private life or in public office, rather than a back-patter, baby-kisser, a tale-teller or, above all a PROMISER.

It is none too early to give serious consideration to the idea I here advance: vote for the man, whether you like the way he smiles or talks, who is the BEST man for the place he seeks, and forget prejudice and friendship.

## A Message To Every Driver

You can save rubber and help win the war, if you will do these things:

1. Drive only when absolutely necessary.
2. Keep under 35 miles per hour.
3. Keep your tires properly inflated.
4. Have them inspected regularly.
5. Share your car with others.

## The General Election

On General Election day, November 3, the people will have an opportunity to vote on several questions:

1. Vote for or against Abernethy, Eastland, Judge Allen and other Democratic nominees. The election of these nominees is to be taken as a matter of course.

2. Whether the sale of beer and wine in Grenada county will be made illegal, and this is a matter that will receive some attention from interested parties on each side.

3. Two amendments to the Constitution of Mississippi, our fundamental law. I have strong convictions on these matters, especially the one designed purportedly to "Take the Colleges out of Politics." In a later edition, I propose to examine this proposed amendment and hope to show that it is really designed to "Keep Politics in the Colleges." In general, I think that, unless there is a clear, undisputed reason for changing the Constitution, the Constitution should NOT be changed. Usually there are fog many buzz under the chip. Usually, while a fine reason is given for a change and while a catchy slogan is used in the campaign to change the Constitution, some SELFISH interests are behind the change. Probably next week or, certainly, the week after that, I am going to try to uncover the "bug."

I recently received a telegram from Hon. H. V. Watkins, of Jackson, asking me to organize the county FOR the amendment. If I had time, I would ATTEMPT to organize the county AGAINST the amendment.

## A Shameful Record

I have before me a record of war bond sales for the counties of Mississippi for the month of September, 1942.

The following counties sold the following percentage of their respective quotas:

Calhoun County	120
Carroll County	28
GRENADA COUNTY	60
Montgomery County	125
Tallahatchie County	44
Yalobusha County	144

Grenada County is the very center of an area where money is being spent by the millions. Yet we see from the above that, while Grenada County bought 60 percent of its quota, Calhoun County (almost OUT of this defense area) bought 120 percent of its quota; Yalobusha County bought 144 percent of its quota. Montgomery County, also in the immediate defense area, bought 125 percent of its quota. The folks in the free state and in Carroll County evidently have not found out that there is a war going on.

Let's look at the delta counties, where the whole country has turned into 20 cent cotton and \$50.00 seed: Bolivar, 20 percent; Coahoma, 22; Humphries, 48; Issaquena, 38; Leflore, 94; Quitman, 17; Sharkey, 13; Sunflower, 47; Tunica, 17; and Washington, 48.

Let's look at North Mississippi with 60, and South Mississippi with 103.

Let's look at the ENTIRE state with 84 percent of its quota.

Many lessons can be drawn from the above figures.

## Confiscate All Of Them

If the rubber shortage and the steel shortage are as acute as pictured by the authorities, every non-essential car should be confiscated by the government, using the metal for scrap and the rubber to swell the dwindling stock pile of that vital and irreplaceable commodity, I say, "IT."

If the authorities, who SHOULD have the proper information, know that such a move is necessary in the future, let it be done NOW before all of the rubber is worn out running to the bootleggers and to the hair dressers and to lovers lanes.

Present regulations permit the purchase of new tires and new cars by certain people engaged in the most essential work. Let those people keep their cars, but confiscate the cars of those individuals who have no rights of replacement.

There is no use in fooling around with a matter so vital as the rubber situation and the scrap metal situation are said to be.

We are constantly being told that the winning of the war depends on scrap and rubber. If so, let the government cut out ALL non-essential gadding about. This would cause many hardships, yes; but not as great hardships as having to wear the yoke of slavery.

## Needed War Measure

Representative Hobbs, of Alabama, has announced he will soon introduce a bill in congress that will require the fingerprinting of every person in the United States. The work of taking these prints, he said, would be done by the department of justice.

It is to be hoped that Mr. Hobbs' bill will meet with speedy enactment, once he gets it in the hopper. It should meet a need that ought to have been met some time ago. Universal fingerprinting would be of great value at any time. While we are at war, subject to air raids and the other disasters which can result in so much destruction and loss of life amid the civil population, it becomes doubly important. Many a person killed in such raids would be so mangled that identification would be impossible without the aid of fingerprints. Persons who forget their identities through shock, children separated from their parents, families scattered, all these will benefit immeasurably through universal fingerprinting as war measure.

Legislation for this fingerprinting was before congress once before. It failed because of the cost involved.

No such consideration should be allowed to keep it back this time.—Dallas (Texas) Times Herald, 9-6-42.

## Give Nicols And Roane A Break

I want to make a plea to the WPA, FSA, BCB of some other governmental organization to give Arch Roane and W. B. Nicols, the only local lawyers not now eating from the public feed bin, jobs.

Sam Mims is Attorney for the Board of Supervisors; Cowles Horton is Attorney for the City of Grenada; Will Mitchell is County Prosecuting Attorney and Marshall Perry is Attorney for the Rental Authority, and Andrew Carothers is Police Judge.

Messrs. Nicols and Roane, I feel sure, will receive the approval of the local bar for anything that anybody wants to appoint them to.

## A SUGGESTION

Housing facilities in Grenada are non-existent.

We have a "jack barn" right on Main Street that is not being used for anything.

It is suggested that, inasmuch as no housing program has been initiated, the jack barn be converted into a two-family apartment.

Seen, Heard and Told  
By The Editor

This one dropped up last Summer when the negro revivals were under way. A local preacher of ebony hue was lambasting the various sins of the members of his congregation. In a loud voice he shouted, "It's a sin to cuss." "Amen," piped up an old sister. "It's a sin to play cards." "Amen," she shouted this time. "It's a sin to drink liquor." And the loud "Amen" came from the same old sister. "It's a sin to shoot crabs." And again a strong "Amen" rang out. Then the preacher in one of his best oratorical outbursts shouted, "It's a sin to dip snuff." He waited for the familiar sanction to his words. The old negro sister nudged another sitting beside her and said, "Lissen to dat man, he's done quit preaching and gone to meddlin'."

You were wood enough to keep Horn and Greenfield out of devilment last week-end. Do it again.

I do not believe editorials on the subject do any good, the old lady still can not eat a meal or take a nap which is not interrupted by some resperate person seeking a non-existent apartment.

If you do not know what you are voting on, vote AGAINST those constitutional amendments. Not one person in 1,000 knows whatthehell their implications are.

We are going to have to cut off some delinquents to make room for the new ones. We run out of paper last week. However, Mrs. Walter Faquay, of Greenville, having paid up for a year, will receive the GCW for one year, and she is welcomed. We will make room for her all right by cutting off a deadhead.

Aint they sweet.

Better buy those car tags in October, otherwise there will be a penalty. Camp employees are warned about this.

The goldfish in the city pool are getting better satisfied since they have accumulated a lot of tobacco quids and juice, cigarette butts, snuff spittle and used cigar butts.

We are happy to chronicle the fact that Mrs. W. R. Turnbo of Route Four has been added to Joiner's bundle.

This nation now needs the offsprings of those pregnant sows that were slaughtered back in 1933. God Almighty must have frowned when He saw hogs killed and wheat burned on a hungry world, and cotton destroyed in a ragged world.

Horn and Greenfield worked most of Saturday printing individual packages of stationery which we donated to each of the 49 boys who are leaving today (Thursday) for Camp Shelby. This stationery is given with the compliments of the GCW.

Read "Grip" office is the beginning of an Americanized Gestapo.

Thanks to Mrs. W. A. Pittman for a nice mess of turnips and greens that which I love nothing more.

Save, as far as possible, the time and energy of the doctors. Upon them has been thrust a double load.

Stalingrad probably will become another Verdun. "They shall not pass," seems to be the slogan of the gallant defenders of that city on the Volga.

Personal stationery for soldiers and for civilians is a fine solution to the question, "What shall I give as a Christmas present?" 100 sheets and 100 envelopes, \$2.00; 200 each, \$3.00. On soldier's stationery we can print his name and an emblem of the branch of service he is in; for ladies, we can print the name, and any three-letter monogram.

Dear Bulldog Editors: please get Mr. Rundle to buy you a new typewriter ribbon. Signed: Horn, the linotype operator.

It was Fred, not Sam Simmons whose voice Sam, Sr., heard by radio from St. Louis. He was not yelling on account of some brilliant play, but was yelling at the Coca-Cola boy for a bottle of coke.

Jeff Marter, Henry's "little" brother, held out a long time but finally capitulated to the charms of the GCW and has subscribed.

Pvt. John, "Moon", Purdie of Camp Toccoa, Georgia, has been added to the mailing list. Stick with rectangular dominoes and let the galloping dominoes alone, John.

Why not send that Soldier your PICTURE. He wants one badly. SPURRIER STUDIO. First Street Grenada, Miss.

### MOST INTELLECTUAL STUDENT

(David Guyton)

Miss Sue Vandiver, 1943 senior in Blue Mountain College, who lived in Grenada, and who was a participant in the Mountain College, last week was voted, by the faculty of the Mountain College, to be the "Most Intellectual Student" of this year. Her picture will grace the front page of the 1943 Mountain College Year Book of B. M. C. Possibly my readers will pardon my feeling a trifle proud to be able to say that for the past four consecutive sessions, the student named by the faculty for this distinction happened to be one of my readers. Sue Vandiver, Grenada, for the year; Charlotte Flippin, Knoxville, Tenn., the year before; and Elizabeth Majors, Ripley, Tenn., for the two previous sessions. The Southern Sentinel, Ripley, Miss.

Capt. D. L. Tullison, of Camp Shelby, is visiting his parents, Mr. and Mrs. L. C. Tullison, for ten days. The captain is an original member of the "home" company.

Mr. Lawrence Grantham, now engaged in civil war work in Middle River, Maryland, is visiting homefolks while on a week's vacation.

Grenada friends will be interested to know that Mr. and Mrs. Chas. Dickson are now residing in Pine Bluff, Ark.

Mrs. Annie Jones left Monday for a visit with her daughter, Mrs. Ralph King, and family at Monroe, La. She will visit her son, Mr. C. B. Jones, and wife at Cleveland, Miss., before returning home.

Mrs. Louise Avent, of Ole Miss, spent the week-end at home with her parents.

Mrs. Helen Horton, of Bellhaven, and Will Horton, of Miss. State, spent the week-end with their parents, Mr. and Mrs. L. P. Horton.

Mrs. Gertrude Sanders, of Oakland, was here last Wednesday for a short visit.

### New Crop Honey

FRENCH MARKET

Mrs. Eugene Davis and Mrs. W. T. Meritt, of Jackson, will spend this week-end with Mrs. C. C. Penn.

Mr. and Mrs. Spiver Kent spent last Friday in Memphis.

Mrs. Gene Trotman, of Lexington, visited her mother, Mrs. Arthur Kett, last week.

Capt. Roger Bell, of Camp Bowie, Texas, visited his parents, Mr. and Mrs. W. P. Bell, several days last week.

Mrs. Albert George has returned home from a summer visit at Knoxville, Tenn. She spent several days with her brother, Dr. Moore Moore in Memphis, enroute home.

**So good with food**

**Grenada Coca-Cola Bottling Company**

### ALL SAINTS AUXILIARY

On Monday afternoon, All Saints Auxiliary met at the church. The president, Mrs. W. W. Whitaker, presided. Mrs. S. S. Webb led the devotion and reports were made on the Mission box to be sent to Porto Rico. Work on church furniture was finished.

Francis Hill, student at Ole Miss, visited his parents, Dr. and Mrs. F. S. Hill, the past week-end.

Candace "Maek" Lee of Camp Belvoir, Ga., visited his mother, who is ill in the Grenada Hospital for a short time last week.

Mr. and Mrs. H. Q. Brand spent part of this week in the delta.

Mr. and Mrs. James Russell Lookett and baby of Charlesdale, visited their mother, Mrs. C. E. Lookett last week-end.

Col. Fred Williams, of Jackson Air Base, visited his mother, Mrs. Van Williams last week. Mrs. Williams and Fred visited their relatives, including Mr. and Mrs. Milton Williams and Mr. and Mrs. L. A. Payne, in Memphis and Mr. and Mrs. Wagner Williams in West Point.

### Winter Ry e Grass Seed

FRENCH MARKET

Miss Lynn Theisman was at home for a short visit last week with her parents, Mr. and Mrs. W. B. Theisman. Miss Theisman, a graduate nurse at the Baptist Hospital in Memphis, has completed her nursing course (Sept. 28) and is now working in Memphis. Floyd Theisman, student at University of Mississippi was at home Sunday to visit his parents.

Pat John Rufus Perry of St. Peter's, Air Base is attending the bedside of his father Mr. C. A. Perry who has been critically ill the past week.

Ernest Bill Fedric and wife the former Miss Ann Neely, have returned to camp at New Bern, N. C., after a visit here and at Charleston where Ernest Fedric's mother lives.

Mr. and Mrs. J. H. Neely and baby have returned to Birmingham after a short visit here.

Misses Lucile and Marie Edwards, accompanied by Mr. David Horn, Jr., spent Sunday in Water Valley visiting Misses Edwards' parents, returning to Grenada Sunday night.

### New Salt Mackerel

FRENCH MARKET

Mrs. Jackson Jennings, of Holly Springs, visited in the home of Mrs. John Ben Perry, Jr., and Mrs. Donald Ross early this week.

## THE HOME FRONT

REGIONAL OFFICE OF WAR INFORMATION

After extending price control from a selected list of things you buy to cover nearly everything in sight, OPA requests that housewives jot down for their own future information the prices they are paying now. Most of the responsibility for keeping the cost of living down, says OPA, rests with the little woman.

Butter, cheese, canned milk, flour, potatoes and a host of newly-controlled items will be fixed in price at something close to their present levels. The idea, of course, is to stop the sort of inflation that might lead to another post-war depression.

Adjustments will be made. The OPA doesn't want to put stores out of business.

### WAGE FREEZE

The much-talked-of wage control is bothering lots of folks. Don't worry about it. The plan is designed to help us through this emergency and is part of the whole anti-inflation pattern of necessary war-time control.

Rent control, now effective in some cities, is being extended to cover the price we pay for renting homes and apartments in smaller towns. All rents will be brought under OPA control—even rents of farm houses—and new controls are supposed to be fixed at March rent levels.

### GET THE OLE SHOTGUN!

The scarcity of felt for hats is so acute that there's a campaign to get folks to hunt wild rabbits for their fur.

The plan to hold down meat consumption to 2 1/2 pounds per person per week contains no provision for pet dogs or cats. We'll have to share our meat with old Rover.

Women will soon make up two-thirds of the war workers in munitions plants.

### KEROSENE RATIONING

OPA says that kerosene rationing is supposed to conserve the scarce fluid by cutting down its use for heating—not by stopping people from using it for lighting and cooking. Southern OPA Administrator Oscar Strauss is urging storekeepers to deal generously with small users whose kerosene purchases of kerosene represent warm food and light to lots of us.

Scrap metal is rolling toward the mills, but WPB says there must be no let-down in our salvage efforts. The steel mills are hungry. Our soldiers impatient to get more arms for use against the enemy.

### Seen, Heard and Told By The Editor

"Miss" Claude Parker, who used to beat arithmetic into my system thru the posterior part of my anatomy, recently subscribed. She is as independent as the proverbial washcloth.

Houston F. Bowen and wife have moved to Scott, Miss., and have also renewed their subscription. That money kept the wolf from the door another day.

While it is yet time, you had better fill up your coal bins. Free ad for Whitaker and Honeycutt.

LOST: Col. Henry Kahn. He will tell anybody that Mike Coner will be the next governor. You know how the Colonel is.

Here is a letter of woe from a down county subscriber telling us that the baby at his home has started cutting teeth and that every time they gave him his bottle of milk the baby bites off the ends of the rubber nipples and that with the shortage of rubber a serious situation has arisen. Yep, that is a mighty sad story but it could be worse, just suppose that the baby wasn't a bottle baby.

We still want to swap a THREE phase one h. p. Westinghouse motor. In perfect condition, for a one h. p. SINGLE phase motor in perfect condition.

### POSTED

All my lands in Beat Five are hereby posted against any trespass of whatever nature.

Mrs. W. W. Whitaker.

### CITY CHARTER AMENDMENT

The following order or resolution was adopted and ordered entered on the Minutes by the affirmative vote of all the Aldermen present to-wit, Aldermen Moss, Boone, Ray, and Burt, to-wit:

It is hereby ordered and resolved by the Mayor and Aldermen of the City of Grenada, Mississippi, in regular session that the Charter of this City be amended by inserting and adding thereto the following provision:

The City shall have the right to construct, maintain and operate sewers and sewer lines beyond and outside of its corporate limits as its Board may determine.

It is further ordered and resolved that this order or resolution be published for three weeks in a newspaper published in this City as provided by law and that if one-tenth of the qualified electors of this City shall protest against said proposed amendment it will not be approved until submitted to and ratified by a majority of the electors of this City.

L. C. PROBY, Mayor.  
W. Y. WEST, Recorder.  
10-15, 22, 29, 11-5-165w.

### CITY TAX ASSESSOR'S NOTICE

To the Tax Payers of the City of Grenada, Mississippi:

The undersigned tax assessor of said city hereby gives notice that she has returned and filed the realty and personal rolls of property assessed for taxes in and by said city for the fiscal year 1942-1943 in the office of the City Recorder and Clerk of said city, and that the Board of Mayor and Aldermen of said city will, at its regular meeting on November 9th, 1942 at 7:30 p. m. at the City Hall in said city, proceed to examine said assessment rolls and equalize the assessments thereon for taxation by said city for said fiscal year. All persons interested may examine and inspect said roll, and said Board will at said meeting, hear and determine any objections made or filed by any person thereto.

Witness my signature this 13th day of October, 1942.

W. Y. WEST,  
City Tax Assessor.  
10-15, 22, 29, 11-5-157w.

### EXECUTRIX'S NOTICE TO CREDITORS

Letters Testamentary having been granted and issued to the undersigned as Executrix of the last Will and Testament of and of the Estate of W. B. Johnson, deceased, on October 12th, 1942, by the Chancery Court of Grenada County, Mississippi, notice is hereby given to all persons having claims against said Estate to have same probated and registered with the Clerk of said Court within six months from this date, or they will be forever barred.

This 15th day of October, 1942.  
Mrs. Queen Johnson, Executrix.  
10-15, 22, 29-87w.

### STATE OF MISSISSIPPI

Grenada County.

### ADMINISTRATOR'S NOTICE TO CREDITORS OF MRS. GRETLE EGGLESTON

## Sentinels of Health

**Don't Neglect Them!**  
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

**97 Warnings** to "clean up or close up"

**39 Voluntary Corrections**

**21 Shut-offs** Revocations

They let results do the talking—how they're cooperating with state and local authorities! They're doing a splendid job keeping beer retailing wholesome!

**YOU CAN HELP**

One of the "freedoms" we are fighting for is to keep the right to keep things in Mississippi the way we want them. To succeed, you and your neighbors must take action. Sitting back and waiting won't protect the freedoms you now enjoy. For example, if you have recently visited a retail beer establishment and witnessed a law violation, what did you do about it? We are anxious to serve. All you have to do is let us know of violations—we'll do the rest—during the past year will be fully protected! You can help make our work so much more effective. If you will assist us.

**A COPY FOR YOU**

This report proves that a majority of beer retailers run decent, law-abiding places. And the Self-Regulation program of this Committee is cleaning up the irresponsible few. A copy of the Committee's accomplishments of the past year will be mailed to you upon request.

THURS - FRI, OCT. 22-23rd

**The Talk Of The Town**

Chary Grant - Jean Arthur. Also: Latest News Events and Novelties 10-35c

### Camp McCain News

All of the Camp McCain enties are preparing for the formal U. S. O. Reception this Saturday night in honor of the newly arrived armed forces to be stationed at Camp. The hostesses are already mentally selecting their dresses and wraps - and it promises to be a very gay affair.

Mr. Frye, assistant Project Manager, and all of C. T. M. hate to say "Good-Bye" to Mrs. Ted H. Turner, known as "Betty". She had been Mr. Frye's secretary since she began work here the first week in June, and was very popular with the whole office force. She is at home in Greenwood now, and will probably begin work at the Air Base there in about two weeks. Her place has been taken here by Mrs. Doug Johnston, the brand-new bride of William D. Johnston, Computer for C. T. M. Speaking of that, we have been trying to get the details of that wedding for our readers ever since it took place on October 4. Doug himself had strict instructions from us to make mental notes of the decorations, gown, etc., but he said that he was so scared that he could hardly see two feet in front of him - so we questioned his bride, Margery, the former Miss Ward of Cleveland, gave us the following brief picture of the beautiful wedding, which took place in the Methodist Church of Cleveland, with the Rev. Lord officiating. The church was decorated with Southern smilax, woodwardia fern, and softly lightly with candles placed in the church chandeliers. Margery wore a pale blue Princess gown of slipper satin, with a misty blue veil, and carried shell-pink roses centered with white gardenias. Her sister, Miss Virginia Ward, her only attendant, wore Cereus blue crepe. Fred Johnston brother of the groom, was his best man, and one of his four ushers was Mr. Lloyd Day, also a computer with C. T. M. So those are the bare details of a beautiful ceremony.

Miss Melba Anderson did a bit of touring last week - with her motto as "See the South". Her truck really began at Grenada, and the first stop was Birmingham. The next day Melba was at Chattanooga, where she spent three days, and then slipped down to spend the day in Nashville. She is back at work now in Building Number 4.

Mickey J. Lee also took a little trip and spent the week end in Vicksburg, visiting her aunt and uncle, Mr. and Mrs. Moon. Also other friends.

Another week-end was Lorraine Van Deuden, who visited her sister and brother-in-law in Memphis.

And Mildred Hayles went to Water Valley.

In fact, this week-end was the gayest for all concerned.

The ultra-successful party, led by Mr. and Mrs. Jack Harris, began Friday night with midnight dancing at the Skyway, and continued. The last stragglers got home late Sunday night. Among the thirty or so guests, we noticed Mr. and Mrs. John D. Pellett, Col. and Mrs. J. C. Wade, Mr. and Mrs. Kubie, Lt. and Mrs. Emmons, Mr. and Mrs. Lomax, Mr. and Mrs. "Slim" Greene, Mr. and Mrs. Smith, Jake Roberts, Al Villaine, Mr. and Mrs. McMullen, Pennis Norden, Ruth Ackerman, Dale Savage, and Mr. and Mrs. Mike Dougherty. One of the greatest accomplishments was to persuade the conscientious Mr. Vinzant, assistant to the Area Engineer to leave the office and come, but he and Mrs. Vinzant managed to come up on Saturday, and he present to see Georgia beat Ole Miss. Along those lines, you might ask J. Emmons which school is the best - Saturday night he was swearing that Ole Miss was better than his Alma Mater, Miss. State.

Walking along in Levy's we saw Elizabeth Waller and Mrs. M. K. Carroll, both both from No. 4, C. T. They were so tired shopping that they didn't even see the game.

Then we walked into Walgreens for a baited and saw Mr. Hendrix, U. S. Government, and his son Billy sitting at the front table.

Mr. and Mrs. McCool and their son, Walter, spent the week-end in Kosciusko visiting Mac's brother, Mr. H. D. McCool.

Another week-end was Miss Besie Ray, but, as usual, her week-ends are shrouded with mystery, and we could learn nothing more - except that she went to Brookhaven.

Mrs. Lula Buckingham and husband spent the week-end in Meridian, visiting.

Just to change the order of the exodus from Grenada, Mr. H. W. Palmer came to his sister, and brother-in-law, Mr. and Mrs. James Scott. His sister, Lou D., is the chief receptionist for the U. S. Engineers. Mr. Palmer is from Kansas City, Missouri, and is planning to spend about ten days here.

We made a little omission last week-end, for we forgot to say that also present at the welcoming of Charlie Dawson's mother was Miss Martha Vance Smith.

Mrs. Ivy Pearce is transferring next week to the office of the Post Engineer.

Her place will be taken by Miss Margaret Thomas, who likes to be called "Jean". Jean is now in training. Another new arrival in Building No. 3 is Miss Martha Jones.

And yet another is Miss Zella Collins from Greenwood.

### THROUGH A WOMAN'S EYE

By Mrs. W. W. Whitaker

THE SOUTH WELCOMES THE ARMY

The American government has deemed it wise to train many soldiers in Southern states. Intelligent, alert men and women will come to the Southland of their country for the first time, and it is our hope, inspired by unselfish love for the South, that both the army and the South benefit from the experience. Please bear with me while I attempt to tell you a few facts about the South.

Many do not think of the South as being as great as it is, but visualize, if you please, the Southland as reaching from the tide water of Virginia to the plains of Texas. This great crescent of wonderful land is bounded on the East and South by the Atlantic Ocean and Gulf of Mexico, and on the North by the Ohio and Patomac Rivers. It is traversed by the great Mississippi River and its tributaries and is crowned by the Blue Ridge, the Great Smokies and the Ozark Mountains; basking in the climate of the temperate and subtropical zones, it is endowed with an abundance and variety of natural resources and presents every promise of potential beauty. These are the 13 great states comprising the South.

These 13 Southern states have an estimated population of 36 million people. Have 1-4 to 1-3 of nation's total land area. We boast of having 300 odd soil types. We have 2 1/2 million farms - nearly 40 percent of nation's total.

We have 50 percent of nation's total of land where agricultural products can be grown 6 months during frostless season. Our forests, for commercial purpose are about 10 percent of nation's total; saw timber, 30 percent; origin area 15 percent of nation's total; hardwood - 42 percent of nation's total; softwood 8 percent of nation's total; Southern yellow pine 98 percent of nation's total, or about 118,000,000,000 feet. In comparison we have 5 percent of the world's coal supply and 10 percent of the nation's, and 20 percent of soft coal supply of the nation; coal seams untapped 38 percent. Iron ore, 10 percent of nation's supply. Phosphates, 98 percent of nation's production; petroleum, more than 65 percent of nation's production; natural gas, more than 90 percent of nation's production. Other minerals available in the South are limestone, granite, sandstone, basalt, marble, copper, bauxite, manganese, clay, lime, soapstone and barite.

Our power projects, installed hydroelectric capacity 27 percent of nation's total; undeveloped hydroelectric capacity 13 percent of nation's total.

### WEALTH AND INCOME

Tangible wealth (Southeast) 1,498 per capita; bank resources highest S. F. State, not over \$227.00 per capita (while the highest in nation is \$1,870 per capita). Savings deposits, 7 Southern states, under \$50.00 per capita, while 6 Northeastern states, over \$500 per capita. Average income, the South \$314. The nation \$304. Cotton and tobacco, total annual production range for cotton is from 12 to 17 million bales or about 58.2 percent of the world's cotton. Let me say here that the Southern States of North America grow the strongest cotton fiber on earth.

Tobacco production in this area is 85 percent of nation's total. Textile - pig iron 7 percent of nation's total. Cigarettes 84 percent of nation's total. Producing spindles, we have 58 percent of nation's total. We have fish and game, and from commercial fisheries we have 1-5 of nation's total, and 6 million furs sold annually.

We have more train track per 100 sq. mile as compared to the nation. We have 1-5 of the nation's locomotives, about 1-5 of nation's freight cars and 1-5 of the nation's passenger cars.

Our highways, surfaced are equal to about 26 percent or more of the nation's total.

Our rivers system reach into the Gulf ports and Atlantic Sea board for out-going vessels and major air lines serve the major cities.

Our southern shores, rivers and lakes abound in shrimp, shad, oysters,

clams, scallops, mullet, mackerel, trout, bass, frogs and turtle to the extent that the South supplies the nation with more than a fifth of its total commercial fisheries' products.

The South has half of the nation's agricultural workers. It has four-fifths of the nation's female farm workers.

These are good things about the South in terms of physical assets. The richness of her culture, the nobility of her spirit, her ability to sacrifice and to suffer the soaring reach of her idealism, the deep roots of her understanding, which shall in the future, as it has in the past, dignify and beautify the pages of history.

Unfortunately there are some bad things about the South. Eleven of the 12 states have an annual per capita crop farm income of less than \$200.00. The average annual wage of Southern industrial workers is but 2-3 of that of the industrial workers in other parts of the country. The South has been so unable to accumulate productive capital assets out of her sparse income that the average per capita income from dividends and interest is but a fourth of that for the rest of the country. Taxable property in the South yields to state and local government but 3-5 as much revenue per person as that of the nation.

More than half of the nation literates are in the South, and the combined endowment of all Southern colleges and universities is less than that of two large northern schools.

The South has to bear the scourge of malaria, typhoid, hookworm, pellagra, venereal disease, tuberculosis and other sickness, which if attacked with adequate means by medical science of today could be eliminated or controlled. Malaria takes a toll of a third of Southern laborers' industrial productivity. Pellagra, the disease of malnutrition is readily preventable, yet it affects one Southerner out of 50. Tuberculosis, rickets and anemia generally harass those imprudently fed.

Here in the Southland where the army is being trained live 2-3 of the nation's tenant farmers, and half of the Southern farmers are tenants. Because of the one crop method of farming in the South, Great havoc to the soil has resulted in poor crops, diminished cash returns and utter failure. Of the South's 100 million acres of farm land, at least 20 million acres have been allowed to become so eroded that it is ruined forever. This is a great loss in uncounted harvests of cotton, corn and tobacco. There are no more deserving people in the world than Southern farmers, yet only one farm in 20 has water piped into the houses. Only 1-3 of the houses are protected from flies and mosquitoes. One farm in five does not have a privy. According to modern housing standards, half of the farm houses have been described as unfit for human habitation.

One would like to know why these conditions seem to remain static. Let us look at some of the causes of the dark shadows across the picture of the South. Until the Civil War - 60-65 - this region was, in many respects, the richest section of the nation. The devastation of the war itself and the subsequent reconstruction cannot be estimated in terms of money. The accumulated capital represented by slaves alone has been estimated at 3 billion dollars. This was "wiped out" together with other forms of capital. The whole "going concern" value of the South was dissipated. The waste of cities burned and homes and factories pillaged, her young men killed and maimed and women and children ravaged by disease and starvation left the South prostrate and at the mercy of a bitter and hostile North. Under these tremendous handicaps her efforts to build herself anew inevitably forced the South to place herself in hock to the remainder of the nation.

The passion and the prejudices of the war are gone, but the economic burdens which were its aftermath in the South are deeply entrenched and linger on to plague her people.

Undoubtedly the fact that our economy had been built on slave labor and had to experience the shock of an adjustment to free labor, together with the hazards of weather, price and markets growing out of a two crop system these combined have contributed immensely to our unhappiness. Then too, the Southern farmer, forced to purchase commodities in a protected market and sell his produce in an unprotected world market, without adequate capital to finance his efforts or to allow him to choose to whom or where to sell, coupled with paying for the money he used at exorbitant interest, has continually faced a combination of economic forces which has kept his nose to the grindstone.

Occasionally prosperity comes to the South, fattening the South in spots, as well as fattening spots out of the South, but nearly everywhere there is evidence of poverty, as grave as the poverty following the Civil War. The Southerner who lived through reconstruction days and who has given to the South today a great inspiration, will be remembered as one with unmatchless faith and courage fighting a lonely and hard struggle against

odds which would have destroyed the faith of a less brave and determined people. Yet the South struggles on. As it was during reconstruction days, the South is again faced with changed conditions. In the last analysis, what the South shall be, her people and not her resources, or her climate, will determine. There are still great dreams to be dreamed about the South. Myriad wrongs to be righted. For generations honest and intelligent men still bear the yoke of economic slavery. Wealth is still indifferent and unseeing, and in many a tumbled down cabin a neglected baby calls to its mother, dead before her time of preventable disease. While the intellectual is busy gathering the rich jewels of the Southland in their powerful hands, millions needlessly suffer the slings and arrows of outrageous fortune moulded by human and not divine hands.

The South is now ready to march, as she always in her heart, has been. It only needs the right leaders, leaders who are bold and true. Leaders who cannot be duped or bought or bullied. Leaders who will fight for the South. Who knows but what in the vast army training on the hills and dales of our Southland, American men, without prejudice in their hearts will have a vision and will come to love the South as she so richly deserves to be loved?

### The Stork Flew By And Left...

The following youngsters at the Grenada Hospital during the past week Oct. 8th to Oct. 15, 1942:

a little girl, Brenda Carol, for Mr. and Mrs. George Washington Sills, natives of Kosciusko, Miss., on Oct. 11, 1942.

a little girl, Martha Virginia, for Mr. and Mrs. Henry E. Edwards, of Simpson county, Miss., on Oct. 8, 1942.

a little daughter, named Jeffery Katherine, for Mr. and Mrs. Jeff Whitaker, on Oct. 12, 1942.

Mrs. Wayne Horton, of Jackson, Tenn., visited her aunt, Mrs. J. H. L. last week.

### Beer Meeting To Be Held Next Wednesday

A meeting of Grenada county beer retailers to outline ways and means of assisting military and civil law enforcement authorities in the maintenance of good conditions in retail outlets in the Grenada area, will be held at the City Hall Wednesday, October 21. State Director W. W. Pierce of the Mississippi Brewing Industry Foundation announced today.

Arrangements for the meeting were completed by committee representatives, who conferred with Sheriff T. T. Hayward and Mayor L. C. Proby. The importance of every dealer in the county attending the meeting was stressed by Gen. Pierce, who said Captain P. T. Erickson of the U. S. Public Health Service, Jackson, and Arthur E. Fink, regional director of the Federal Security Agency's Social Protection Division, would be invited to address the retailers.

"With troops beginning to move into Camp McCain it is imperative that every citizen in a position to assist law enforcement officials be advised of what they can do to that end," Gen. Pierce said. "The Mississippi committee is making it possible for each retailer in Grenada county to make a real contribution to the war effort and those who fail to do so will have to suffer the consequences."

The Beer Committee is working in close cooperation with civil and military authorities in other camp areas of the State with excellent results.

Gen. Pierce said. "Periodical investigation of outlets in Grenada show that conditions generally are good and no effort will be spared to keep conditions that way," he added.

A number of civic leaders have been invited to the meeting next Wednesday, it was announced - ad.

### NOTICE

All teachers of Grenada and Grenada County. All members of the American Legion.

All members of the P. T. A.

All members of each Civic Club in Grenada and Grenada County.

All Home Demonstration Club members.

Any Federated Club members.

All Trustees of schools in Grenada County.

Any citizen of Grenada County interested in a wartime program for the schools of Grenada County.

You are urged to attend a wartime convention next Monday afternoon, October 19th at two o'clock in the Grenada High School building auditorium. Mr. E. R. Jobe and Miss Gladys Elyria will be in charge of the program.

There will be a half holiday in all schools of the county in order that all teachers can attend.

We hope to have a large attendance at this meeting.

MRS. ETHEL B. THOMAS, Deputy County Supt. of Education 10-15-150w
